FOREIGN-BUILT SHIPS UNDER OLD GLORY

WASHINGTON, August 8.—The Senate today threw down the doors, and adopted amendments to Senator Williams' Panama Canal Bill, which will, if they become law, permit the registry of foreign built vessels under the American flag. Certain provisions are tacked to this permission. The ships must be engaged exclusively in foreign trade and the owners must agree to sell them to the government in the event of the outbreak of war, or other emergency.

The amendments also provide that the vessels so registered will not be permitted to receive a mail subsidy unless they are so constructed as to be capable of being turned into cruisers should the need arise.

Other amendments provide that lower tolls shall be charged vessels passing through the Panama canal in ballast, and that the vessels built abroad but owned at home shall be permitted free passage through the canal.

It was announced that the final vote upon the entire bill will be held tomorrow.

MARINES ORDERED TO NICARAGUA'S CAPITAL
PANAMA, Panama, August 8.—Collier Justin has left for Nicaragua with three hundred and fifty marines from San Salvador. The Central American court of justice at Cartago has announced that it will intervene and it is hoped that an armistice will be completed today.

LOAN ASSOCIATION GOES TO THE WALL
SAN FRANCISCO, August 8.—Financial circles here were stunned today when it was announced that the California Building and Loan Association will have to go into the hands of a receiver. It is reported that the liabilities will total more than \$300,000.

YOUNG ROCKEFELLER AIDS IN GRAFT INVESTIGATION
NEW YORK, August 8.—John D. Rockefeller, Jr., figured today as a witness in the graft cases now on trial here. Mr. Rockefeller, it appeared from some of the testimony furnished, was largely instrumental in securing the evidence presented to the grand jury.

WILSON SHIP BILL GETS BIG PROTEST
SAN FRANCISCO, August 8.—Declaring that the proposed Wilson ship bill, which provides for the increase of crews, and other regulations of American shipping, would be ruinous to their interests, Pacific Coast shippers today sent an urgent telegram to Senator Burton, chairman of the subcommittee which has the bill in charge, requesting him to hold the measure until a delegation from the local interests, which left today for Washington, can arrive at the national capital and lay their side of the matter before the committee. No answer has been received from Senator Burton.

FOUR WOMEN NAMED ON NATIONAL COMMITTEE
CHICAGO, August 8.—Four women progressives have been selected to fill places on the national committee of the third party. They are Jane Addams, head of the famous Hull House of Chicago; Frances Keller, chief of the bureau of inspection of the bureau of immigration at New York; Mrs. Charles D. Blaney, of San Francisco, and Jean G. Gordon, famous for her settlement work in New Orleans.

CALIFORNIA MAN COMES AS HILO INSTRUCTOR

VISALIA, Cal., July 26.—A trip to the Hawaiian islands is something that many people covet, but present indications are that will be the lot of Mr. and Mrs. LaRue C. Watson of Farmersville. Mr. Watson has accepted a position as academic teacher and instructor of agriculture in the Hilo Boarding School at Hilo, Hawaii. It is one of the original mission schools of the islands and is a manual training school for boys. There are about ninety pupils in the school and though most of them are natives, with a few orientals and others, the teaching is all in English.

The school has a farm of thirty acres for commercial and experimental purposes and also has charge of experimental work on the adjoining branch station of the United States Department of Agriculture. Amongst numerous other crops, there are 20 varieties of bananas on the school farm.

Soon after the State Christian Endeavor convention which Mr. Watson expects to attend in Fresno, June 29 to July 3, he will join his wife, who is visiting in San Luis Obispo with her mother. They will then stay in San Luis during the summer and sail for Hawaii in August or September.

JOHN D. ROCKEFELLER OVER SEVENTY-THREE

"Not So Bad for Three Score and Thirteen," Oil King Soliloquizes

CLEVELAND, July 8.—John D. Rockefeller is 73 years old today. His health is better than for years back and he is richer. He rose at 7:30 o'clock and, after adjusting his wig, took a "squin" at himself in a mirror.
"Not so bad for three score years and thirteen," he soliloquized.
Then he went down for breakfast and ate a heaping dish of strawberries and cream, drank a large glass of milk and munched several pieces of buttered toast.

said the maid as she served him. At 9 o'clock Mr. Rockefeller mounted his bicycle and started for the golf links. He wore a large brimmed straw hat to ward off the sun. He cracked the ball with as much force as a man of 40.

John D. was planning to pass the afternoon in his usual way. No guests had been invited for the birthday cake alone.

If the weather remains fair the oil king may take an automobile ride late this afternoon.

He attended church yesterday and after the service pledged \$5000 to help pay for redecorating the Euclid Avenue Baptist Church. He heard Rev. W. W. Bustard deliver a sermon on "Making a Fuss."

In Improved Health.
Rockefeller is in better health this summer than for several years. Since the Standard Oil Company came through the courts unscathed, a great

load seems to have been taken from his mind. He is heavier, sleeps better, eats more and plays a better game of golf today than he did a year ago. For the last three weeks he has been making the nine holes of his course in 47 or 48. Fifty-one was his best score in 1911.

His bicycle failed to arrive until two weeks after he came to Forest Hill last month. Instead of buying a new one, as he would have been compelled to do in other years, he followed the ball on foot. Thus he not only saved \$30, but demonstrated to himself and his friends that his muscles still are strong and wiry.

Beginning October 1st, all steamers plying between ports more than 200 miles apart, and carrying 50 or more passengers or crew, must be equipped with wireless capable of a 100-mile radius, and in charge of two operators.
